POLICE CUT CONSIDERED

**Propose Plan To Restore Two

Because they feel the city of Marion is not receiving adequate protection due to recent reduction in the personnel of the police force a committee of Marion business

This was announced following a meeting of the police committee of

council last night held in connection with a movement of Marion merchants to restore recently dismissed patrolmen to service it was decided at the meeting that if the merchants are willing to pay an

approximately \$168 in salaries each month the committee will recommend to council that an ordinance be passed restoring two fulltime or four parttime patrolmen to duty.

Preliminary arrangements in organization of a secret "fifty" association were reported today by Harold Carroll chairman of the business men's protective committee.

It is proposed to arm and depulize 80 business men who would

have police powers and jurisdiction in any place in the city. They would be instructed in the use of firearms by an army officer detailed here from the Fifth Corps area. The purpose of the association

would be to give all merchants and residents added protection against burglaries and holdups and to support the Marion police department in any measure taken to lessen crime in the city.

While the organization is yet in the formative stage Mr. Brown and Mr. Carroll expressed opinions that the merchants will be glad to cooperate and that it will not be difficult to collect 25 men in the

tion he formed was first made four years ago by Harold Carroll at a meeting of the Junior Chamber of Commerce. No action was taken on the suggestion at that time and Mr Carroll again brought

The next step in the plan to restore dismissed patrolmen to their jobs will be taken by the

merchants. Councilman W. M. Fabian said today. Virtually every business place in the uptown section will be contacted by a merchants' committee to determine if \$100 can be raised monthly. It is

believed that enough business places will be willing to contribute \$1 to \$1.50 a month to guarantee the salaries. A meeting of the committee of which Mr. Carroll is chairman will be called within a

day or two to report on progress
of the collection. Other members
of the committee, in addition to
the chairman, are Mrs. J. H. B.

1. The first step is to identify the problem. This involves understanding the current situation and the goals that need to be achieved.

The image is a high-contrast, black and white photograph of a textured surface. It appears to be a close-up of a book cover or a piece of fabric with a grid-like pattern of small, dark, rectangular elements. The texture is very rough and uneven, with many small, dark, rectangular shapes that look like they might be part of a woven material or a printed pattern. The overall effect is one of a dense, complex texture that is difficult to discern in detail.

JUDGE HEARS ARGUMENTS IN MURDER CASE

Attorneys Before Court With
Requests for New Braden,
Watkins Trial.

DECISION IS DUE SOON
Lawyers Declare Cyre Ben-
nett's Testimony Should
Have Been Barred.

Hearings were held today before
Judge Hector S. Young in common
pleas court on motions for new
trial in the first degree murder
case of Othol Watkins, 45,
found guilty of the slaying
of James F. Bennett during an al-
lotted holdup on Dec. 12, 1931.
Following the arguments of at-
torney Johnson, who requested
that the court grant a new trial
for study within a reasonable
period of time. They are expected
to comply with the judge's request
within the next few days. A de-
cision will then be given.
The motions are based on errors
made by W. P. Moloney and
Robert E. Johnson, defense attor-
neys, to have occurred during the
two-day trial of the two men,
the principal one being that the
court erred in permitting Cyre Ben-
nett, 78-year-old brother of the
murder victim, to testify when he
has been adjudged insane and is
confined in the Lima state hospital
for the criminally insane.

Johnson Opens Argument
The first hearing today was on
the Othol Watkins motion. At-
torney Johnson, who presented the
opening arguments, declared that
on Jan. 11, 1932, Cyre Bennett was
adjudged insane and has a pro-
gressive mental disease. He said
the defense bases its claim of error
on the court's ruling that Bennett
was competent to testify. He
quoted from state statutes that in-
competent persons are not competent
witnesses. Mr. Johnson asserted that
Bennett was a witness for himself
and not for the state in the Wat-
kins case. He declares that the
gist of his testimony in which he
admitted his guilt in the murder of
his brother was not competent
under the law.

Moloney, in his argu-
ment, referred to the failure of
Bennett to testify during the trial.
He said that in the United States
Constitution that no man
compelled to testify against him-
self. Mr. Moloney said. He as-
serted that the court should have
admitted on this point in his
charge to the jury, and told the
jury that the burden of proving
guilt is placed upon the state in
the case of the failure of the de-
fendant to take the stand.

Prosecuting Attorney Paul D.
Kebel, speaking for the state, said
that Bennett was able to distin-
guish between right and wrong,
understood the oath when he took
it and was able to tell a
truthful story. This makes him a
competent witness, under the law,
the prosecutor declared. He quoted
Dr. E. Bushong, superintendent
of the Lima hospital, as saying
Bennett's type of mental impair-
ment is caused by old age. Mr.
Kebel argued that Bennett told a
coherent story on the stand and
stood up under a vigorous cross ex-
amination.

The principal argument in the

63 APPLY FOR CCC ENROLLMENT HERE

Quota About 50; Filing Time
To Continue Through
Friday.

Thirty-three applications to fill
Marion county quota of the
first 1936 enrollment in the civilian
conservation corps were taken
yesterday at the county relief
headquarters on South Prospect
street.
Filing of applications will con-
tinue through Friday, Relief Di-
rector John Abel said today. The
Marion quota has been set at ap-
proximately 50. Additional appli-
cations are taken to assure the
county its full enrollment.
"Any family with a member
eligible for CCC work will be
taken from the relief rolls if
application is not made," Director
Abel said today. "We assume that
the reluctance in making appli-
cation for CCC enrollment would
indicate that aid is not necessary,"
he said, "and on that basis the
relief case would be closed." This
necessary because of the drastic
reduction in funds available for
relief work," he added.
Applicants are to be at the re-
lief headquarters between 9 a. m.
and 11:30 a. m. and between 1 p.
m. and 4:30 p. m. James Rein,
FERA liquidating auditor, is in
charge of the enrollment. Eligi-
bility rules follow: applicants
must be between 17 and 24 years
of age, single or divorced, unem-
ployed, and must represent a fam-
ily in which some member is
employed on WPA work. If
the quota is not filled from re-
lief families consideration will be
given to families on the borderline
of relief.
No announcement has been
made as to where the enrollment
will be held or to what army
area those accepted will be

FIRST WITNESS IN

Some Legislators Expe-
cted To Smash Move-
ment Before November Elec-

By The Associated Press
WASHINGTON, March 23.—
F. E. Townsend, with whom
has split because of "differ-
ences" today was termed "a brilliant
and a physician of note" by
Dr. E. Clements, co-founder of
Townsend old age pension
movement.

He was the first witness
in the Townsend old age pen-
sion movement from which
some members have p-
"startling" revelations. C-
resigned this week as sec-
retary of the Townsend organiza-
tion.

A throng of spectators at
a big Capitol caucus room
yesterday listened to the
41-year-old Californian re-
spond to questions of Jack
Sullivan, committee chair-
man, though first queries related
to Townsend real estate busi-
ness. Clements insisted that the
movement was carefully phrased.

Sullivan questioned C-
particularly about the atti-
tude of committee investigators
in his office. Clements said
they were courteous in every re-
spect.

He added that he knew
grounds for statements of
quackery and in the Town-
sends' "back-alley" have
been used in the inquiry.

Claim Move Will Be Wre-
sted. Many legislators were
on the investigation to sm-
ash nationwide Townsend mo-
vement so thoroughly that it would
no considerable part in the
November elections.

Townsendites predicted the
organization would emerge
stronger and stronger than ever.
Chairman of the investigation,
Rep. Bell, Democrat of Minn.,
who has branded the plan
a \$200 a month government po-
tential to all persons over 60 as "far
impossible and fraudulent,"
said his men have collected
"ling" data.

Brings All Documents
Clements had on tap a "re-
lease" of documents that he
said would show that he
accounted for "every p-
stamp" out of a total of \$1
he collected.

The committee intends to
pay special attention to the
aspects of the Townsend
movement, once an obscure
movement in Long Beach, Cal.
expected to be an early win-
ner. Townsendites say the idea of
a month pensions financed
2 per cent tax on all transac-
tions came to him while he was
one morning in Long Beach.

GUARD UNIT PLANS FROLIC AT ARMORY

Co. D. Arranges Jollification To Raise Money for Summer Camp Fund.

Members of the spring frolic to be held Thursday, Friday and Saturday at the armory by Company D of the United States National Guard will be placed in the mess hall to be used when the company is on duty.

The camp will be a departure from the usual field training exercises and activities will be held at those conducted by the Army at Pine Camp, N. Y., last year. According to reports, the unit participating get much more military training in this camp than at the handling of the troops since the four-army plan was formulated a few years ago.

The camp will include round and square dancing each night, a variety contest and an amateur hour. Awards in the amateur hour will be made each night and a grand award has been arranged for the variety contest. Music for the camp will be played by Gene Williams' orchestra, from 6:30 until midnight each night.

It was decided to hold a bake sale April 11 in the council room. Plans were made to attend a group meeting at Crestline April 1. It was voted to change meeting days to the third Monday of each month instead of the third Thursday.

MORROW CO. SCOUT COURT IS PLANNED

Service To Be Held April 14 at Iberia With Rev. Rush, Chairman, in Charge.

Plans for a county-wide court of honor for Boy Scouts of the Morrow county district were made at a meeting of the district committee Monday at Cardington. The court will be held at Iberia, April 14. Rev. L. E. Rush, court of honor chairman, will preside at the program which will begin at 8 p. m. at the high school auditorium. It was planned to present scoutcraft demonstrations and award the annual charter to troop 35 of Iberia. Nelson Campbell, district chairman of the scout organization, and Morrow county prosecuting attorney, presided at the meeting last night. He appointed a committee composed of J. L. Patterson of Cardington, Walter Brooks, Kenneth Gram, Rev. Rush and O. E. Smith, all of Mt. Gilead, to make plans for the county camporee set for June 17-18 at the state park, Mt. Gilead.

Rev. W. R. Ellis reported on the recent rural survey and plans made to organize a scout unit in Fulton and Johnsonville and also the long scout program offered to rural boys. On the recommendation of O. E. Smith, district commissioner, a scoutmaster's round table dinner meeting will be held in Mt. Gilead on April 22. A brief report of the national conference of scout executives was made by Arthur S. Brooks, scout executive of Marion. The district committee's next meeting will be held in Chesterville, May 5.

COL. KNOX RAPS FARM CONTROL

Would Substitute Efficient Production for Rigid Regulation of Agriculture.

By The Associated Press
WASHINGTON, March 25.—The old Knox drew increasing attention as a campaign talk.

One prominent Republican declared the government's refusal to plant while a Roosevelt asserted the President's backing of farmers.

Frank Knox of Chicago, during his drive for the Republican nomination, said his views in a New York speech last night.

Opposes Control
The government should not attempt to plant what to plant, much to plant and in general their business for them.

He declared there was no question about farm support for Roosevelt.

Republicans Map Drive
The agricultural question also touched upon yesterday by Senator Republican of Oregon, at Raleigh, N. C. where state publicans mapped plans for a campaign they said was "to save American from the new deal."

The program he put forth was a nationwide land conservation, a both permanent and practical guarantee that the American producer shall enjoy the American market to the extent of his ability.

to supply that market, government aid in disposing of farm surpluses, and lower interest rates on farm mortgages.

Henry Ford voiced sharp criticism of crop enticement as a violation of natural laws.

"If the farmers allow themselves to be led by the government," he said, "they are the opinion that financiers are interested in crop control to keep prices up."

The constitutional debate was contained in a speech by Donald R. Richberg, former NRA administrator who declared that there is no conflict between the new deal and the Constitution.

"If it be an assault on the Constitution to advocate a debatable law," said Richberg, "then every notable politician and every eminent lawyer and every distinguished judge has been guilty."

CLEMENTS RESIGNS HIS TOWNSEND POST

(Continued from Page One)

spell disintegration for the movement.

Clements said he would appear tomorrow before the house investigating committee with a five-ton truck full of records.

I am more anxious than they are to have this investigation," he said. "We have nothing to hide."

I have been responsible for financing the Townsend plan. I have collected around \$350,000 and I have accounted for every postage stamp.

Cites Expenditures
He said the organization up to Jan 1 had spent \$750,000 and still had about \$100,000 on hand.

Clements said he had differed from Townsend on fundamental policies including organization methods of getting congress to enact the plan and Townsend's political maneuvering.

Townsend has been alternately voicing threats of a third party movement and expressing disfavor for such a movement. Clements expressed belief the Townsend plan should be kept non-political.

Both Clements and Townsend denied the split was due to friendly rivalry. The physician has been casting toward the candidacy of Sen Borah of Idaho for the Republican presidential nomination.

Wanted Tight Control
Dr. Townsend issued a statement in Los Angeles saying he wanted decentralization of authority within the movement while Clements was more inclined toward keeping a tight rein on the organization.

Chairman Bell, Democrat of Missouri, of the committee conducting the investigation said Clements was informed last night that he would be subpoenaed.

Bell said his committee would question Clements on the setup of Old Age Revolving Pensioners Ltd. The Townsend organization has its money collected how it was spent and who received any of it.

For weeks a quiet investigation given the sanction and approval of Clements and attorneys for the O. A. R. P. Ltd. has been under way at the national headquarters of the organization in Washington.

Points to Suspense
The devastating suspense created by the investigation delay and the constant strivings of leaders to gain control of the organization together with the sparring of the various members of the expensive legal staff in O. A. R. P. employ for this hearing made this first and hasty climax possible.

In the last few weeks the feelings of the leaders have been more and more tense because the investigators did their work quickly and did not announce any policies or what evidence had been found to be used.

The resignation of Clements will not change materially the manner of the hearings.

The subpoena called upon Clements to produce a vast array of records including a list of every Townsend club charters income tax statements copies of all telegrams of every kind or nature as may be required by the committee's bank account pass books all expenditure records and safety deposit box contents for Dr. Townsend, Clements or the organization.

Wanted Politics Out
In discussing his resignation, Clements said he had wanted to keep the organization non-political. He was asked if his action was because of Dr. Townsend's statement referring to Sen William E. Borah.

Which statement about Borah? he snapped back. He said three you know.

"The one Sunday night."

"How about the third party statements then?" a reporter asked.

Could you tell me right now whether Dr. Townsend is for or against a third party? Clements replied.

(Dr. Townsend was quoted in California last night as emphasizing that he had not pledged his organization to support Sen Borah for the Republican nomination although reiterating that he "personally" felt friendly toward the Idaho senator.)

born Townsend who recently said he did not favor a third party also asserted last night that if Republicans are as cold to his plan as the Democrats, a third party will be formulated.

Clements said in his resignation statement that he was taking action what less than one third of the assets of the Townsend Weekly owned jointly by Dr. Townsend and himself. In return he explained all his stock in the paper would go to Dr. Townsend with the provision that 90 per cent be given to the Old Age Revolving Pensioners Ltd. free of charge "or in other words to the Townsend movement."

He said he was assigning all his interests in O. A. R. P. with all its consideration whatsoever but did not say to whom he was assigning these interests.

Clements reviewed his brief in the plan's principles and concluded his statement with a plea to Townsend club members to stand solid with your national organization.

His statement emphasized that he would be on hand for the congressional investigation on of the plan and said the inquiry would be a decided victory for the Townsend movement. After a short rest he added he wished to attend to some of his long neglected real estate interests.

Clements was a real estate operator in Long Beach, Calif. before he took over the job of organizing the Townsend movement. He recalled today how Dr. Townsend had placed the plan before him in the autumn of 1933 and how they had set out to promote it.

"Dr. Townsend has been the front man," Clements said. He made the speeches I did the organizing.

Clements statement asserted the plan now had 7,000 clubs throughout the country with a cash reserve of \$10,000 and no debt.

Rep. McGowan, Democrat of California, who introduced a bill in the house embodying the principles of the Townsend plan, said there was "no danger of the Townsend clubs disintegrating."

The Townsend movement has outgrown its infancy," he said. Clements is the man who built up the Townsend organization. Dr. Townsend had the vision of this plan but it was Clements who built it up and put it over.

Differences between Clements and Townsend had been growing for some time he added.

NEW TRIAL MOTIONS SET FOR THURSDAY

Judge Will Hear Braden and Watkins Appeals in Murder Case.

Motions for new trials in the first degree murder cases of Othello Watkins, 45, and Grover Braden, 38, (found guilty) by common pleas judge of murder of James F. Bennett during an attempted holdup on Dec. 12, 1931, are to be argued Thursday at 10 a. m. before Common Pleas Judge Hector S. Young.

Watkins and Braden, through their attorneys, have based their motions for new trials principally on the charge that the court erred in permitting Cyr Bennett, 78-year-old brother of the slain man to testify while still under a commitment of the common pleas court to be held in state hospital for the criminally insane.

This and other errors alleged by the attorneys have occurred during the three-day trial of the two men are the basis for the motions.

Judge Young is expected to deny the motions.

Attorneys for both men have indicated their cases will be taken to the third district court of appeals charging virtually the same errors that form the basis for the motions for new trials. If new trials are denied.

W. P. McInerney and Homer E. Johnson represent Watkins and Braden. The state is represented by Prosecuting Attorney Paul D. Michel.

I regard myself as representing the viewpoint of the group of candidates opposing Sen Borah's nomination and it is right that that point of view shall have a single state to which to unite against Sen Borah.

Sen L. J. Dickinson, Republican of Iowa here to address a Chamber of Commerce luncheon endorsed the Ohio favorite son plan. He said:

"I'd like to see the Cleveland convention packed with favorite son delegations. This would mean a thoughtfully prepared platform and a carefully selected leader to carry the banner."

Dickinson asserted he was not a candidate for President but that his name would be submitted to the convention along with many others.

DOWNPOUR FLOODS NEW OHIO AREAS

(Continued from Page One)

Ridge highway traffic was halted by water 40 inches deep.

Gates at Milton dam were closed to retard the water as much as possible. Brantley school 10 miles east of Warren was closed when roads became impassable.

The Sandusky river stood at 17 feet near Fulton and was rising about a half inch an hour for 12 headwaters in the marshes 12 miles west of Ken A.

Great Miami Up
The Great Miami was up three to four feet at Dayton and two feet at Hamilton. A mile of lowland near Middletown was covered.

Several families in the Tri-County lowlands left their homes.

A few streets in the southern section of Warren were flooded. Many basements contained water.

In East Liverpool and Wellsville sickness increased and a second emergency hospital was opened in the latter city. 700 homes were flooded last week.

The \$30,000 market of Cuyahoga county for the Red Cross work was over-subscribed. Late yesterday cash offerings had reached \$20,000 and may amount to \$30,000 of officials said.

OHIO SEEN AS NEW U. S. FEEDING GROUND

Floods, Dust Storms Ravage Other Stock Raising Areas, Professor Points Out.

By The Associated Press
DELAWARE, O. March 25.—With fertile land being devoured by western dust storms and floods in the east and south, Dr. Paul B. Sears of the University of Oklahoma said Ohio may become one of the nation's main feeding grounds of the future.

Dr. Sears spoke before students of Ohio State University where he graduated. He is head of the home department at the University of Oklahoma and a native of Bucyrus O.

Soil that valuable medium from which we obtain food is being ravaged by the wind on one end and water on the other," Dr. Sears said. Ohio as yet will retain its fertile land but the problem is to keep it fertile by conservation.

"The homecoming of humanity is over. There are no new frontiers with virgin soil. We must make the best of the soil we have."

Streams Rise at Upper Sandusky

UPPER SANDUSKY, March 25.—The Sandusky river and Tymochtee creek and other streams of the county reached flood stage Tuesday morning and were still rising rapidly throughout the day. The Sandusky river was rising at the rate of four inches an hour Tuesday. Route 23 the Marlboro road was closed to traffic Tuesday afternoon when the flood waters inundated the road for the second time in the past month.

A number of roads over the Tymochtee creek were also inundated. A total of 1.1 inches of rain has fallen here since 5 a. m. night.

Cincinnati Fears 60-Foot Crest

CINCINNATI, March 25.—Heavy rains at the headwaters of Ohio river tributaries caused a fresh rise in the upper valley today that threatened to boost the crest at Cincinnati to around 60 feet.

The river had reached a crest of 58 feet and receded to 50.5 here when meteorologist W. C. Devereaux gathered new information raised his prediction adding that the new rise probably would not be great enough to cause extensive damage in the lower valley where thousands of acres of lowland were flooded.

A rise in the Pittsburgh district past the flood stage of 25 feet promised to send the river there to a 12 foot crest. With tributaries running bank full or overflowing, and pouring additional water into the Ohio Devereaux predicted the new rise would place the stage at 63 feet or somewhat higher at Ashland Ky. and 60 feet at Portsmouth two feet below the sanding at the top of a flood wall protecting the city.

He predicted a stage of 60 to 65 feet would hold at Cincinnati for nearly five days and said the new crest here might exceed slightly the higher figure.

The state's death toll due to flood went to seven.

Reaching at midnight the maximum stage forecast by W. C. Devereaux government meteorologist the Ohio slipped upward at a rate of one tenth of a foot every three hours here.

Pittsburgh Hit by Milder Flood

PITTSBURGH, March 25.—The crest of a new flood, small in comparison with the watery avalanche that spread devastation in the steel capital a week ago inundated streaks of neighboring lowland towns along the Monongahela river today.

Pittsburgh's reconstruction program moved forward, little affected by the latest rampage which threatened to put streets of the north side under water again and to back water through sewers into the cellars of some downtown business buildings.

PAUL McCULLOUGH, COMEDIAN, STRICKEN

Stage and Screen Actor Dies of Self-Inflicted Wounds in New England.

By The Associated Press
MILFORD, Mass., March 25.—Paul McCullough, 52, of Brookline, radio, screen and stage comedian, and a member of the widely known team of Clark and McCullough died at Lawrence Memorial hospital today.

Hospital officials said he died of wounds suffered Monday when he slashed himself with a razor in a medical barber shop.

McCullough, with a friend had entered the shop for a shave. Pittsman John Melia said. The comedian grabbed a razor the officer added, and before he could be subdued had slashed his throat, wrist and arm.

He was en route at the time from a hospital where he had been treated for a nervous breakdown to his home.

Johny Clark, McCullough's partner and McCullough were born in Springfield O. went on the stage together 30 years ago, and had trained together since. They comprised one of the oldest comedy teams in point of service in the country.

Stricken Comedian Often on Screen Here

Marion motion picture fans have been entertained numerous times by the comedy team of Clark & McCullough. McCullough whose death brought an end to their long partnership, played the foil to Clark of the painted on apes and big cigar.

COSHOCOTON PLANT CLOSES IN DISPUTE

By The Associated Press
COSHOCOTON, O. March 25.—The Indianapolis Lloyds Co. plant failed to open today after James Taylor organized for the International Glove Workers union called a strike of union employees.

Representatives of a company club gathered outside the plant but when it did not open they made an attempt to break through picket lines.

The second labor dispute in this home town of William Green, president of the American Federation of Labor, Taylor asserted involved a 20 per cent wage cut contemplated by the company. The president of the company denied a reduction was planned.

French Foreign Minister Visits Eden Before Flying Back to Paris Office

(Copyright, 1933, Associated Press)
LONDON, March 25.—Adolf Hitler's rejection of the League of Nations proposals tightening the European crisis over German occupation of the Rhineland was debated by Prime Minister Stanley Baldwin's cabinet today at its regular weekly meeting.

Sir Thomas Inskip, Britain's new minister for defense, coordinated the discussion.

attended the meeting for the first time as a full member of the cabinet.

French Minister of State Joseph Paul-Boncour visited Foreign Secretary Anthony Eden at the foreign office for a last minute conference before flying this afternoon to Paris.

Hitler's refusal to withdraw his forces from the Rhineland or to accept a judgment by the world court in Germany's argument against the Franco-British mutual assistance pact threw the Rhineland negotiations back to the League powers.

The councilors of the League of Nations, after days of waiting for word from der Fuhrer left London, putting up to Britain's Foreign Secretary Anthony Eden and the other League diplomats the task of finding a way out of the new greater impasse.

With the departure of the league council informed sources said, the first phase of the international crisis—reassertion of the sanctity of treaties coupled with condemnation of Germany for its Rhineland occupation in violation of the Locarno pact—was past.

The long, difficult series of negotiations which informed persons said might yet mean peace or war for millions was foreseen authoritatively.

60 Answer Coach Bohyer's Call for Track Team Men at Harding High School

Turnout Indicates Renewal of Interest in Spring Program; New Athletic Field and Stadium To Be Used When Weather Permits.

Prospects of renewed interest in the Harding High school spring track program was clearly evident as 60 athletes last night answered Coach Dewey N. Bohyer's initial call for prospective candidates.

Although no regular schedule of inter-school meets has been booked for the spring season more than usual activity in this field of sport is anticipated. The Harding stadium with its training field and track will be at the disposal of the high school athletes for the first time.

Coach Bohyer plans to call daily meetings of the track squad immediately following the home room baseball tournament which is now in progress. The athletes will meet for exercise and training at the high school gymnasium until the weather permits them to use the stadium grounds for outdoor sessions.

In previous years Harding High track squads competed in meets with several other schools and outstanding members of the team were entered in the Mansfield relay.

By The Associated Press. HOUSTON, Feb. 25.—Elmer Deans, the last holdout among the Deans brothers who signed.

Elmer whose kid brother Jerome (Dizzy) and Paul (Duffy) came to terms a few days ago with the St. Louis Cardinals, stopped for a holdout after a contract was signed.

Elmer is a perennial tryout with the Houston club. This spring he sought a berth but President Ired Ankerman did not have a uniform for him. Not to be outdone by a little thing like a uniform Elmer abjured his several days in his Sunday clothes.

I played and could show Ole Diz and Paul something about baseball if you give me a chance. They were eaten pickles too he said.
